

The Future of EUExcert

EUExcert will now undergo a transformation from a project towards a European Centre of Excellence (EUExcert-F) for explosive competence

The Future of EUExcert

- EUExcert-F is a Network and Cluster centre where information on training and education, career progression, etc can be accessed
- EUExcert-F will promote and manage exchange of students, teachers and staff
- EUExcert-F will also promote and manage transnational education and cooperation in production of education material
- EUExcert-F will manage and up -date the European glossary on terminology
- EUExcert-F will manage a Database on experts

The Future of EUExcert

- EUExcert-F will support the European Commission with independent advice
- EUExcert- F will award the EUExcert certificate and be responsible for accreditation of the nations' awarding bodies
- The European organization EUExcert-F will promote and license the trademark EUExcert to national partners in each of the European Countries
- EUExcert- F will search for international cooperation and interested nations can be associated

The Future of EUExcert

EUExcert-F must now find ways for financial support during the build up phase
